

DESAPS DIPLOMA

Diploma in European Healthcare and Health Products Law (DESAPS)

This course, complementary to the general courses offered at Toulouse 1 Capitole University, is one of the activities of the Jean Monnet Chair in European health and health products law, held by Nathalie De Grove-Valdeyron. It is offered by the European School of Law (ESL), which is part of the European Centre of Excellence at Capitole (C2EC).

DESAPS aims to provide additional skills and specific legal expertise not only to law, medicine and pharmacy students, but also to public and private healthcare professionals, and law professionals wishing to specialise in the fields of health and health products, understood in their European dimension. These courses are supplemented by optional courses in legal methodology (7 hours). These are aimed more specifically at non-lawyers and are designed as a prerequisite to facilitate understanding of the courses offered.

Legal methodology (7 hrs) - Optional

OBJECTIVES

DESAPS aims to provide additional skills and specific legal expertise not only to law, medicine and pharmacy students, but also to public and private healthcare professionals, and law professionals wishing to specialise in the fields of health and health products, understood in their European dimension.

Teaching combines the contributions of university staff (lecturers and researchers) specialising in European law, health law and pharmaceutical law with those of experienced professionals.

ENTRY REQUIREMENTS

The following can enrol in DESAPS:

- students who have been awarded a qualification demonstrating 3 years of tertiary education in law, medicine or pharmacy.
- students with a qualification demonstrating 3 years of tertiary education in other areas: applications (CV, motivation letter and diplomas) may be submitted to eslfc@ut-capitole.fr
- working professionals in relevant areas

Enrolling on this course does not confer student status, but it does allow students to earn ECTS credits.

PRACTICAL ARRANGEMENTS

Courses are taught on an intensive basis (12-15 hrs) on Thursdays and Fridays 7 times a year at the beginning of November, December, January, February, March, April and May, and on a few Saturday mornings if necessary. Classes do not take place during school holidays.

Examinations are held in June (see details in the examination order)

Enrolment takes place over a set period in September. Pre-enrolment with the course director is strongly recommended, given the limited number of places.

Attendance at classes is strongly recommended

REGISTRATION

Registration takes place during the month of September.

The registration fee is 650 euros for students, 2500€ for continuing education
